

ITEMS MARKED IN RED CONFIRM TEXAS A&M EMPLOYMENT AND NOT DEPT OF HOMELAND SECURITY

There is a BIG difference in being an "Adjunct Instructor" for a university who is providing a class under a federal government grant, and being an actual "Homeland Security Instructor". The grant program that Tim Harrison is associated with (OGT Training Grant 144103) is funded by Texas A&M, National Domestic Preparedness Commission, Dept of Homeland Security, and FEMA. These departments are ONLY providing the grant revenue for the university. Tim knows this but attempts to wrongfully exploit and confuse the public in thinking he is actually associated with Homeland Security, he is NOT!
